Case Number 22-10964 (MG)

To whom it may concern,

I received an email stating that I have a WPE of \$109,980.12. Due to this, I have to pay back \$30,244.53.

When I withdrew my Bitcoin from Celsius, I withdrew it from my Earn account to my Custody account because I had just paid back the loan. I did not withdraw any funds outside of Celsius.

I was given the option to pay \$30,244.53 or await potential litigation. To this day, I have not received, nor withdrawn, the original 3.7 BTC I put into Celsius as collateral for the loan.

Timeline of events:

April 7, 2022 - Deposited 3.7 BTC to obtain a loan of \$40,000 USD

June 2, 2022 - Deposited \$40,000 USD to pay off the loan

June 2, 2022 - Moved 3.7 BTC from Earn account to Custody account

July 2022 - Celsius filed for bankruptcy

Present day - 3.7 BTC still remains inside my Celsius Custody account and cannot be withdrawn

I should not have to pay the WPE Settlement Payment because I did not withdraw anything out of Celsius and Celsius still has all of my money and crypto.

Welcome ALINE THUY
